Today it was very crazy
The queen said: I have to go around the world by ship. That's crazy, isn't it?
But also a great adventure!
If I have internet I will text you every day.
Bye, see you tomorrow

I made a stopover in Mallorca

They even built statues of me.
I am looking great, don't I!

Pirates Joke:
In the next life I'll be a pirate, so I just have to open one eye in the morning.

FYI:

- I was born in 1540 in Crowndale
- I became a cabin boy, then a sailer and at the end captain of my own ship.
- Now I am a pirate and work for Queen Elisabeth I.

I have to text you today, because yesterday it was very exciting. We won against the Spanish Armada because I was there. Yes, we won against 130 ships of King Phillip II.'s huge fleet!

Hi I am a big fan - can you please make a fan meeting

4. April 1580
Today the great Queen Elisabeth I. knighted me on my ship. Why did it take so long until she did that!? Now you have to call me SIR Francis Drake.
Best wishes, SIR Francis Drake

It was midnight, when we sent eight burning ships into the Spanish Armada. Our plan was to burn their ships. They gave up and we won all their treasures. Unfortunately I have to give most of them to Queen Elisabeth I. I hate that.
XOXO Francis
